

The newly formed Canadian YHS committee would like to draw your attention to our second annual workshop at this year's CGU.

The Young Hydrologic Society (younghs.com) is an international initiative that facilitates the interaction of young scientists within the hydrological community. These activities include pop-up sessions at large national conferences, seminars, and social nights.

This year's workshop will take place on **Sunday, May 28th between 1:15pm and 5pm in the Geography building (Room 200) on UBC campus.**

The workshop is \$10 and includes coffee and snacks. You can register when registering for CGU. If you've already registered for CGU and not the workshop, please email canadianyhs@gmail.com and we can work you in.

In the evening, we will be heading to **Mahony and Sons** (5990 University Blvd on UBC campus) for food and beer. We will be heading there around 6:30pm. Our speakers and "old" hydrologists are more than welcome to attend! Although not required, it would be appreciated if you could RSVP to canadianyhs@gmail.com so we can better anticipate number of attendees.

We hope you'll join us at our event!
